

# END-USER LICENSE AGREEMENT

**IMPORTANT - READ CAREFULLY:** This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity, and herein referred to as the "Licensee") and Shirokuma Ltd. ("Shirokuma").

## 1. License Grant.

Shirokuma hereby grants to Licensee a nonexclusive, nontransferable license to use the Notre Dame de Budapest Pipe Organ Samples (the "Licensed Software") for Licensees internal purposes, such as create sound recordings or to give live concerts. Licensee may create derivative works based on the Licensed Software (such as recordings) and may also sell these derivative works without paying any further royalties to Shirokuma, provided that the restrictions in Item 3 are fully observed. All rights not expressly granted to Licensee are reserved to Shirokuma. Any use or attempted use of the Licensed Software other than as expressly permitted herein is a breach of this EULA and will cause irreparable harm to Shirokuma, entitling Shirokuma to terminate this EULA and seek injunctive relief.

## 2. Software Ownership/Propriety Rights.

This EULA is a license, not a sale, of the Licensed Software. Licensee owns the disks on which the Licensed Software is recorded or fixed. Shirokuma shall retain full and complete title and all intellectual property rights, including the copyright, to the Licensed Software recorded on the enclosed disks and all subsequent copies of the Licensed Software, regardless of the media or form on or in which the original disks or copies may exist, and any accompanying documentation.

## 3. Restrictions on Use.

Licensee may use the Licensed Software on only one computer at a time, however, Licensee may transfer the Licensed Software from one computer to another. Licensee may not copy, modify, reproduce, adapt, translate, reverse engineer, de-compile, disassemble, upload or download from or to a database the Licensed Software or any part of it, including its accompanying documentation. Licensee may not remove any proprietary notices, labels or marks incorporated in, marked on, or fixed to the Licensed Software by Shirokuma. Licensee is strictly forbidden to: (1) falsely represent that the derivative work, such as but not limited to a recording or a movie soundtrack, was played on the actual organ of the Matthias Church (Notre Dame de Buda) or on the organ of Notre Dame de Kispest or any church organ whatsoever; (2) use the samples in any types of stand-alone electronic organs and/or stand-alone instruments whether it is building a new instrument or extending an existing one. If a derivative work for any commercial use is created by using the Licensed Software, Licensee must indicate the following sentence on the disk, tape or other media: "The organ sound on this recording was created by using the Notre Dame de Budapest Pipe Organ Samples." Nothing else may be indicated that would disagree with this sentence (such as but not limited to "Recorded at..." or "Organ sound of XY church", etc.) Licensee may not use (1) the name of the churches or the organs; (2) the place of the churches or the organs; or (3) the manufacturer of the organ.

## 4. Transfer Restrictions.

Licensee shall not assign, rent, lease, sell, sublicense or otherwise transfer or distribute the Licensed Software, or accompanying documentation, to another party without prior written consent of Shirokuma, which consent may be withheld or conditioned in Shirokuma's discretion. Any party authorized by Shirokuma to receive the Licensed Software must agree in writing to be bound by the terms and conditions of this Agreement. Further, Licensee may not electronically transfer the Licensed Software to multiple computers over a network system.

## 5. No Warranty and Disclaimer.

The Licensed Software is licensed to licensee "as-is" and Shirokuma make, and Licensee receives, no warranties or conditions, express, implied, statutory or otherwise, and Shirokuma specifically disclaim any implied warranties of merchantability, non-infringement and fitness for a particular purpose. Accordingly, the complete risk as to the quality and performance of the Licensed Software is with you. Shirokuma does not warrant that the Licensed Software will meet Licensee's requirements or that the operation of the Licensed Software will be uninterrupted or error free. The Licensed Software is used by a high-performance application that requires significant computer resources. Therefore, if used in conjunction with other programs with similar resource requirements, the overall performance of the Licensed Software may be substantially degraded. Licensed Software may not meet all advertised performance features if used with a non-recommended computer system. Some states do not allow the exclusion of implied warranties, so the above exclusions may not apply to Licensee. Licensee may also have other rights, which vary from

state to state.

#### **6. Limitation of Liability.**

In no event shall Shirokuma be liable for any special, indirect, consequential or incidental damages, including without limitation, costs of procurement of substitute products or services or lost profits, however caused and on any theory of liability, arising in any way out of this agreement or arising out of the use of, or inability to use, the Licensed Software (including, without limitation, damages for loss of data, files or business, business interruption, loss of sales or profits and the like) even if Shirokuma was previously advised of the possibility of such damages. The liability of Shirokuma, if any, shall be limited to the refund of Licensee's purchase price. No oral or written information or advice given by Shirokuma, its dealers, distributors, agents or employees shall create a warranty or in any way increase the scope of this limited warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above exclusions may not apply to Licensee.

#### **7. Term.**

This license is effective as of the time Licensee receives the Licensed Software, and shall continue in effect until Licensee ceases all use of the Licensed Software and returns or destroys all copies thereof, or until automatically terminated upon the failure of Licensee to comply with any of the terms of this EULA.

#### **8. Governing Law.**

This Agreement and Limited Warranty are governed by the laws of the Republic of Hungary, without regard to conflicts of law principles.
